Quality

Policy

December 2024

ACO Technologies plc designs, develops, manufactures and supplies Building Drainage, Waste Management and Surface Water products. As a minimum we will do this in compliance with all applicable statutory obligations – exceeding these where possible to maintain market leading credentials that better serve our customers, business and employees.

The Directors, Management and Staff are responsible for Quality Control through the Quality Management System – seeking improvement by constant review, with suppliers and sub-contractors being encouraged to co-operate. ACO is committed to achieving customer satisfaction by the use of this system which will be operated to meet or exceed the requirements of ISO 9001.

ACO are focused on developing the quality of products and services in all areas of our company and to meeting both business and customer expectations without compromise.
