PRODUCT, SUPPLY AND SERVICE INFORMATION

KerbDrain® HB480 and SP455 now available in 1m lengths

ACO UK are delighted to announce the addition of 1m channel units in sizes SP455 and HB480.

This now means that every channel size in both half-batter and splay profile is available in both 1m and 0.5m lengths, offering quicker installation times on-site and the ability to install longer lengths per day.

The channels are fully certified to BS EN 1433:2002 D400 and has been added to the ACO Kitemark licence. The channels are also fully compatible with the new universal KerbDrain® endcaps launched in 2019.

The channels are in stock and available. They work seamlessly with all accessories for both sizes and follow on from the launch of the new SP455 size at the start of 2021. Product information is included in the table below.

Technical specification

Product Code	Description	Length	Width Overall	Depth Overall	Invert
